Subject: LEAVE MICROSOFT ALONE.

To whom it may concern:

Over the last few months I have asked several of my friends, " when do you think this present economic turn-down started ?" They all respond, my stock investments started their big declines when the last administration started the lawsuits.

Microsoft has done not one thing to hurt the ever day P.C. USER ,ONLY MAKE THE P.C. EASY TO USE. YES, there are few FAT cat companies that found it hard to compete with Microsoft. FREE ENTERPRISE AT WORK.

IF I am wrong about this, please show me.

Thank you, Fred
